

About CIIPD

Cambridge International Institute For Professional Development (CIIPD) has been a pioneer in higher education, focusing on real-world applications and close collaborative relationships between students and their professors. Students can choose to study at their own pace or through live lecture programs.

JKP CARE FOUNDATION

JKP is one-of-its-kind educational institute run by Jaikripalu Prabhu Care Foundation (NGO) which takes pride in offering Certificate Courses for Professionals & Parents of Special Needs Children.

Dynamic and full of Innovations, we are a team that strives for the best and understands the gaps and develop curriculum accordingly.

JKP Care Foundation is a registered non-governmental organization dedicated to empowering professionals and caregivers in the field of special needs education and therapy.

Our organization takes pride in offering a range of impactful training initiatives tailored for doctors, therapists, special educators, school teachers, and parents of special needs children. With a global reach, we have successfully trained over 2000 professionals and parents in the last two years, making a positive impact across the globe.

“Empowering Lives,
Enabling Inclusion,
JKP Care
Foundation, where
compassion creates
impact”

"A COMPREHENSIVE COURSE REVEALING THE LATEST AUTISM DISCOVERIES"

What you'll learn

- You will learn About the autism spectrum and what it means to be autistic
- You will learn About various therapeutic treatments and methods to help teach someone with autism how to better communicate and relate to the world
- You will understand How to deal with a child's tantrums and emotional outbursts in an effective and caring way, so that the child might learn how to express themselves in a more calm and collected fashion
- You will learn How to effectively express emotion and show autistic children that they are loved - without sending them into sensory overload
- You will learn About ABA programs that can help an autistic child or autistic person learn to function at their highest level in society
- You will learn the role of various therapists - including a developmental pediatrician, clinical psychologist, speech therapist, occupational therapist, dietitian etc.
- You will learn How to recognize the symptoms of autism and various assessments.
